Information for Volunteers with Disabilities

- The University of Florida is committed to providing academic accommodations for students with disabilities. Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered, students should present their accommodation letter to the internship coordinator supporting a request for accommodations. The University encourages students with disabilities to follow these procedures as early as possible within the semester.
